CITY OF BRADFORD METROPOLITAN COUNCIL (in this Order called "the authority")
in pursuance of the powers conferred in that behalf by Section 60 of the Town

the trees to which the application relates, and the operations for
the carrying out of which consent is required.
5. (1) Where an application for consent is made to the authority under
this Order, the authority may grant such consent either
unconditionally, or subject to such conditions (including

conditions requiring the replacement of any tree by one or more trees on the site or in the immediate vicinity thereof), as the authority may think fit, or may refuse consent:

Provided that where the application relates to any woodland specified in the First Schedule to this Order the authority shall grant consent so far as accords with the principles of good forestry, except where, in the opinion of the authority, it is necessary in the interests of amenity to maintain the special character of the woodland or the woodland character of the area, and shall not impose conditions on such consent requiring replacement or replanting.

(2) The authority shall keep a register of all applications for consent under this Order containing information as to the nature of the application, the decision of the authority thereon, any compensation awarded in consequence of such decision and any directions as to replanting of woodlands; and every such register shall be available for inspection by the public at all reasonable hours.

6. Where the authority refuse consent under this Order or grant such consent subject to conditions they may when refusing or granting consent certify in respect of any trees for which they are so refusing or granting consent that they are satisfied -

- (a) such consent is granted for the purpose of enabling development to be carried out in accordance with a permission to develop land under Parts III and IV of the Act, or
- (b) the authority with the approval of the Minister dispense with replanting,

the authority shall give to the owner of the land on which that part of the woodland is situated a direction in writing specifying the manner in which and the time within which he shall replant such land and where such a direction is given and the part is felled the owner shall, subject to the provisions of this Order and the Act, replant the said land in accordance

with the direction.

- (e) protective measures against fire.

8. On imposing any condition requiring the replacement of any tree under Article 5 of this Order, or, on giving a direction under Article 7 of this Order with respect of the replanting of woodlands, the authority shall if such condition or direction relates to land in respect of which byelaws made by a river authority or a drainage board restrict or regulate the planting of trees, notify the applicant or the owner of the land, as the case may be, of the existence of such byelaws and that any such condition or direction has effect subject to the requirements of the river authority or drainage board under those byelaws and the condition or direction shall have effect accordingly.

9. The provisions set out in the Third Schedule to this Order being provisions of the Act adapted and modified for the purposes of this Order shall apply in relation thereto.

10. Subject to the provisions of this Order, any person who has suffered loss or damage in consequence of any refusal (including revocation or modification) of consent under this Order or of any grant of any such consent subject to conditions, shall, if he makes a claim on the authority within the time and in the manner prescribed by this Order, be entitled to recover from the authority compensation in respect of such damage or loss:

Provided that no compensation shall be payable in respect of loss or damage suffered by reason of such refusal or grant of consent in the case of any trees the subject of a certificate in accordance with Article 6 of this Order.

11. In assessing compensation payable under the last preceding Article account shall be taken of:-

- (a) any compensation or contribution which has been paid whether to the claimant or any other person in respect of the same trees under the terms of this or any other Tree Preservation

Order under Section 60 of the Act or under the terms of any Interim Preservation Order made under Section 8 of the Town and Country Planning (Interim Development) Act, 1943, or any compensation which has been paid or which could have been claimed under any provision relating to the preservation of trees or protection of woodlands contained in an operative scheme under the Town and Country Planning Act, 1932, and

(b) any injurious affection to any land of the owner which would result from the felling of the trees the subject of the claim.

12. (1) A Claim for compensation under this Order shall be in writing and shall be made by serving it on the authority, such service to be effected by delivering the claim at the offices of the authority addressed to the Chief Solicitor thereof or by sending it by prepaid post so addressed.
- (2) The time within which any such claim shall be made as aforesaid shall be a period of twelve months from the date of decision of the authority, or of the Minister, as the case may be, or where an appeal has been made to the Minister against the decision of the authority, from the date of the decision of the Minister on the appeal.
13. Any question of disputed compensation shall be determined in accordance with the provisions of Section 179 of the Act.
14. This Order may be cited as the City of Bradford Metropolitan Council (695 Great Horton Road, Great Horton, Bradford) Tree Preservation Order 1975.

NOTE: Any person contravening the provisions of this Order by cutting down, uprooting or wilfully destroying a tree, or by wilfully damaging, topping or lopping a tree in such a manner as to be likely to destroy it is guilty of an offence and liable on summary conviction to a fine not exceeding £400 or twice the sum which appears to the Court to be the value of the tree, whichever is the greater, or an indictment to a fine. The penalty for any other contravention of this Order is a fine not exceeding £200 on summary conviction and, in the case of a continuing offence when contravention is continued after conviction, a person is liable on summary conviction to an additional fine not exceeding £5 for every day on which the contravention is so continued.

If a tree other than one to which an Order applies as part of a woodland is removed, uprooted or destroyed in contravention of an Order or is removed, uprooted or destroyed or dies at a time when its cutting down or uprooting

Reasons for making the Order

The trees form an important landscape feature in an urban locality where trees are otherwise few and as such should be protected.

Part of the land on which the trees stand is likely to be developed for residential purposes.

The Local Planning Authority therefore, wish to ensure at this stage, that this important landscape feature which contributes significantly to the visual amenity of the locality is protected against any indiscriminate felling, lopping or topping either arising from or in anticipation of, any development being carried out on the land.
