

Bradford Council Gender Pay Gap Report 2023

Snapshot date 31 March 2023

The gender pay gap is a measure of the difference between the average hourly earnings of men and women. This should not be confused with unequal pay. Unequal pay is the unlawful practice of paying men and women differently for performing the same or similar work, or work of equal value.

Bradford Council is committed to equal opportunities and equal treatment for all employees, regardless of gender, ethnic background, religion or belief, age, marriage or civil partnership, pregnancy/maternity, sexual orientation, gender reassignment or disability. It has a clear policy of paying employees equally for the same or equivalent work, regardless of their gender.

Bradford Council Gender Pay Gap

Mean pay is calculated by adding all average hourly pay values together, then dividing by the number of values.

Gender Pay Gap Actions

Bradford Council is committed to equality of opportunity and reducing the gender pay gap and continues to take steps to help close the gap.

The Council has already implemented many of the actions recommended by the Government Equalities Office and Chartered Institute of Personnel Development.

Action taken includes the following policies and initiatives:

- A fair and transparent approach to pay and grading through job evaluation processes and collective bargaining on pay
- Pay gap impact analysis forms part of the annual pay progression cycle to ensure that any decisions on pay awards as a result of that process do not adversely affect a protected characteristic group
- Providing opportunities for flexible working wherever possible
- Ensuring flexible working practices promote equality of opportunity and improve work life balance, as far as is practical for service needs
- Increasing awareness around apprenticeship schemes to encourage more employees to improve their skills and experience giving them the opportunity to further progress their career
