Exceptional circumstances: concerns about significant harm to infant, child or young person

If at any time during the course of this assessment you are concerned that an infant, child or young person has been harmed or abused or is at risk of being harmed or abused, you must follow your Local Safeguarding Children Board (LSCB) safeguarding children procedures. The practice guidance *What to do If you're worried a child is being abused* (HM Government, 2006) sets out the processes to be followed by all practitioners.

If you think the child may be a child in need (under section 17 of the Children Act 1989) then you should also consider referring the child to children's social care. These referral processes will be included in your local safeguarding children procedures and are set out in Chapter 5 of *Working Together to Safeguard Children* (2006) (www.ecm.gov.uk/workingtogether). You should seek the agreement of the child and family before making such a referral **unless to do so would place the child at increased risk of significant harm.**

Delivery Plan & Review (Actions from the assessment should be brought forward into the delivery plan and added to where a multi-agency team around the child response is required and/or used to review progress)
