

Bill & Judith

Since being diagnosed with Alzheimers Judith became very anxious and agitated on her own and Bill found he had to take his wife with him whenever he went out...

Bill didn't think adult social services could help him as he knew Judith wouldn't like daycare and he'd be worried about her wandering off. A personal budget allowed Bill to have a carer sit with Judith and bake or visit friends with her while he pops into town to tax the car or even grab a game of golf!
