Which Household Waste Recycling Centre do you wish to use?

I understand that the permit is only valid for the named holder to visit Household Waste Recycling Centres, as described on the permit.

I understand that the permit is not valid for anybody else's waste or any type of waste not listed on the permit, or any other vehicle.

I understand that any abuse of a permit will lead to it being withdrawn.

It is an offence under the Environmental Protection Act (1990) to deposit waste illegally. If you collect waste other than your own you are required to possess a Waste Carriers Licence, such waste becomes commercial waste as soon as it is collected, no matter what the type or origin of the waste. Claiming waste is household waste when it is not is an offence.

Data protection - the information provided in this application will solely be used for the purpose of issuing van permits. It will be held securely, and will not be passed on to a third party.

I have read and understood the terms and conditions as stated above.
