

## CONSULTATION DOCUMENT

### Nab Wood School

Cottingley New Road,  
Bingley,  
BD16 1TZ

Ward: BINGLEY RURAL

Head Teacher:

Elaine Shoesmith

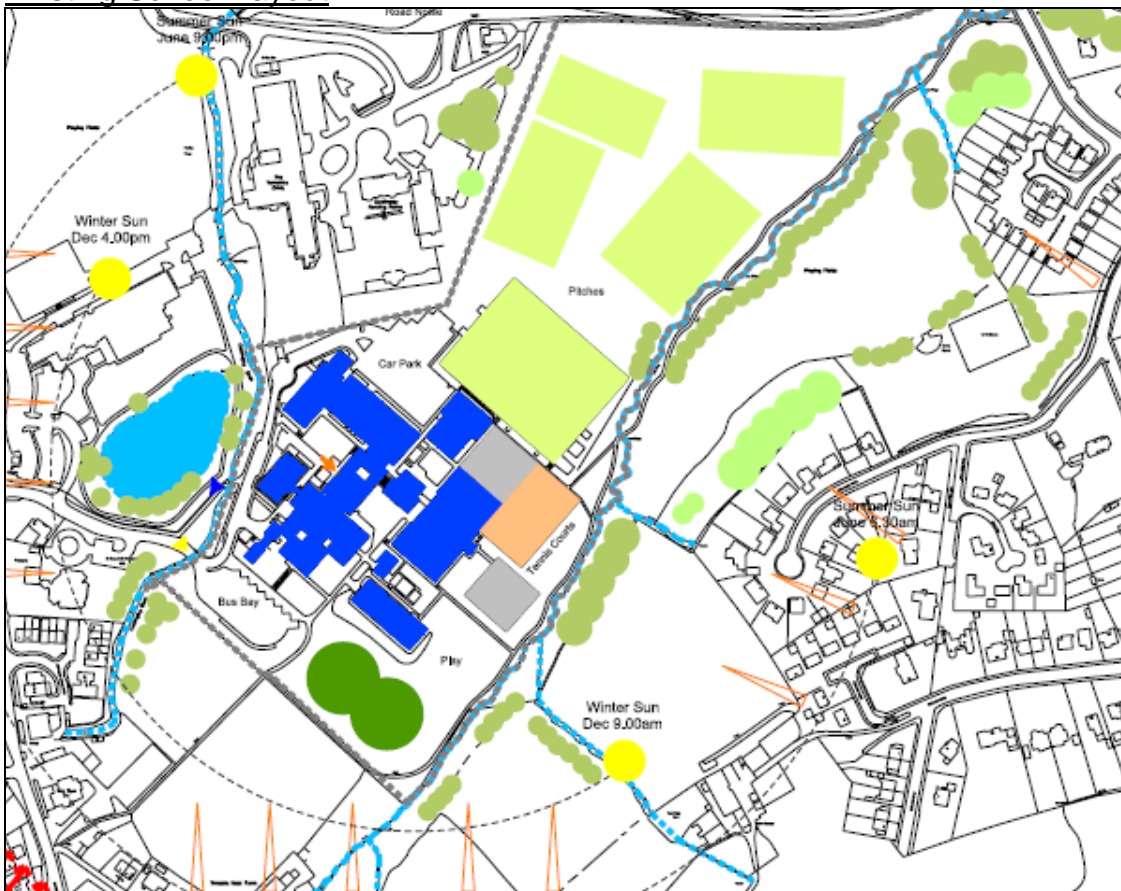

Current School Population 934

Anticipated School Population at 2018: 1,500

Priority Admission Area:

Details of the school's admission policy can be downloaded from the Education Bradford website ([www.educationbradford.com](http://www.educationbradford.com)) : "A guide for parents about admission arrangements to Secondary Schools 2009-2010"

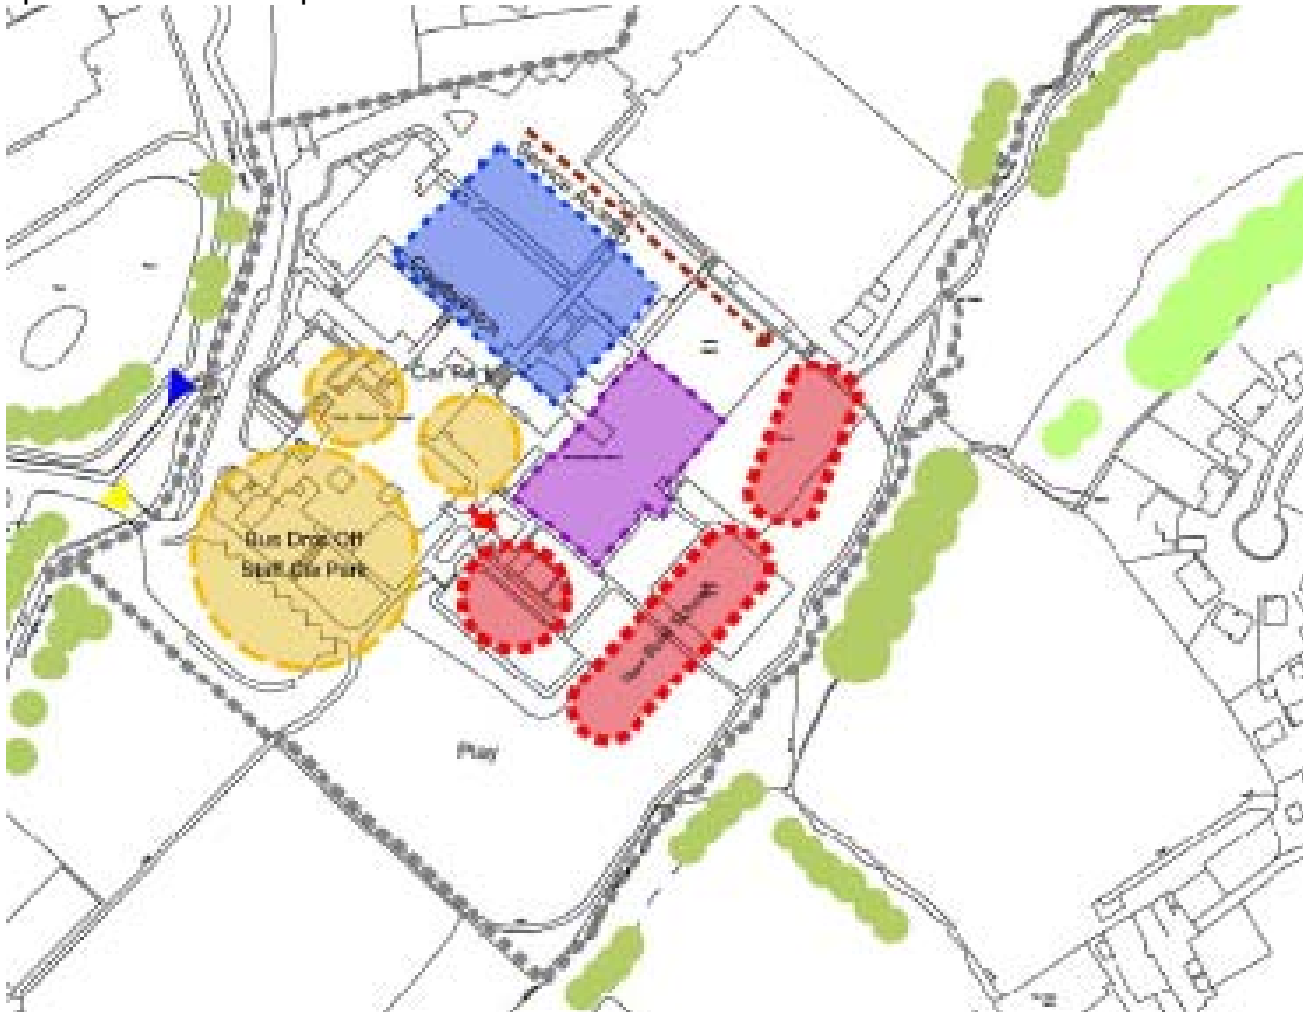

### Existing School Layout

Please note that structural surveys and ground investigation surveys will be carried out at the school and/or other sites that are being proposed in the options below. These surveys will be carried out in the two week Easter holidays and non intrusive surveys being carried out at other times. Findings from these surveys will further inform our option appraisal.

## **OPTION 1**

Option 1 proposes to build a new school behind the remaining sport centre. Outdoor sport facilities lost as part of the relocation of the new build would be relocated in front of the sport centre and car park would be located nearer the school main entrance.

### **Advantages**

- No major issues from a planning perspective
- No implications from a Sport England perspective although there will be a need to demonstrate replacement like for like of outdoor sport facilities

### **Disadvantages**

- . A thorough grounds survey of the area is required to ensure the viability of this option.
- Careful sequencing of the construction phase will be required to minimize any decanting requirements

## OPTION 2

This option proposes to relocate the new school on the playing field with new entrance from the A650.

### Advantages

- More prominent location of the school.
- Improved access to the campus.

### Disadvantages

- Sport England will object to this option as it impacts on Playing fields which will not be replaced like for like
- Highways will object to a school entrance from the A650
- A thorough grounds survey of the area is required to ensure the viability of this option.

### Option 3

Option 3 proposes to build a new school on the all weather pitch. Outdoor sport facilities lost as part of the relocation of the new build would be relocated in front of the sport centre and car park would be located nearer the school main entrance.

#### Advantages

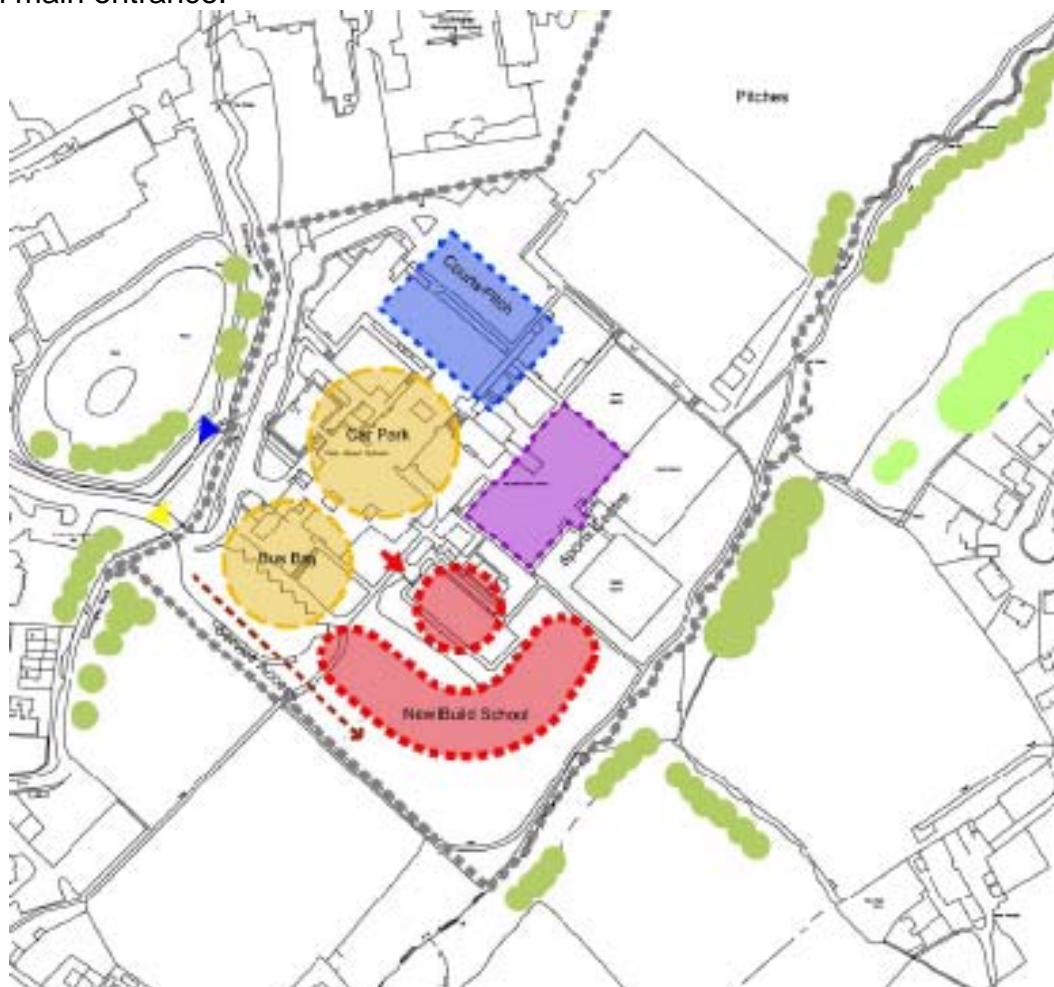

- No major issues from a planning perspective
- Careful sequencing of the construction phase will minimize any decanting requirements

#### Disadvantages

- Sport England perspective may object if we do not demonstrate replacement like for like of outdoor sport facilities
- A thorough grounds survey of the area is required to ensure the viability of this option.

## OPTION 4

Option 4 proposes to build a new school on the southern side of the campus on a prominent place. Outdoor sport facilities lost as part of the relocation of the new build would be relocated in front of the sport centre and car park would be located nearer the school main entrance.

### Advantages

- No major issues from a planning perspective
- Careful phasing of the construction phase will minimize any decanting requirements

### Disadvantages

- Sport England perspective may object if we do not demonstrate replacement like for like of outdoor sport facilities
- A thorough grounds survey of the area is required to ensure the viability of this option.

## Building Schools for the Future Consultation Feedback
