### Existing School Layout

## OPTION 2

Same principles than option 1. This option proposes to demolish the technology block in addition to the kitchen/dining block and 6<sup>th</sup> Form block. Remaining accommodations would be either refurbished or remodeled. The increased demolition also implies the construction of bigger new teaching facilities.

### Advantages

- No major issues from a planning perspective
- Careful phasing of the construction phase will minimize any decanting requirements

### Disadvantages

- .Sport England will object to this option on the basis that it encroaches greatly on the playing field, reducing the top pitch in size and its usage.
- A thorough grounds survey of the area is required to ensure the viability of this option.
