Thorn Lane
Haworth Road
Bradford
BD9 6ND

Belle Vue Girls' School

Thorn Lane
Haworth Road
Bradford
BD9 6NA

Ward: HEATON

Head Teacher: Colin Willsher

Head Teacher: Margaret Plattts

Current School Population: 636

Current School Population: 1086

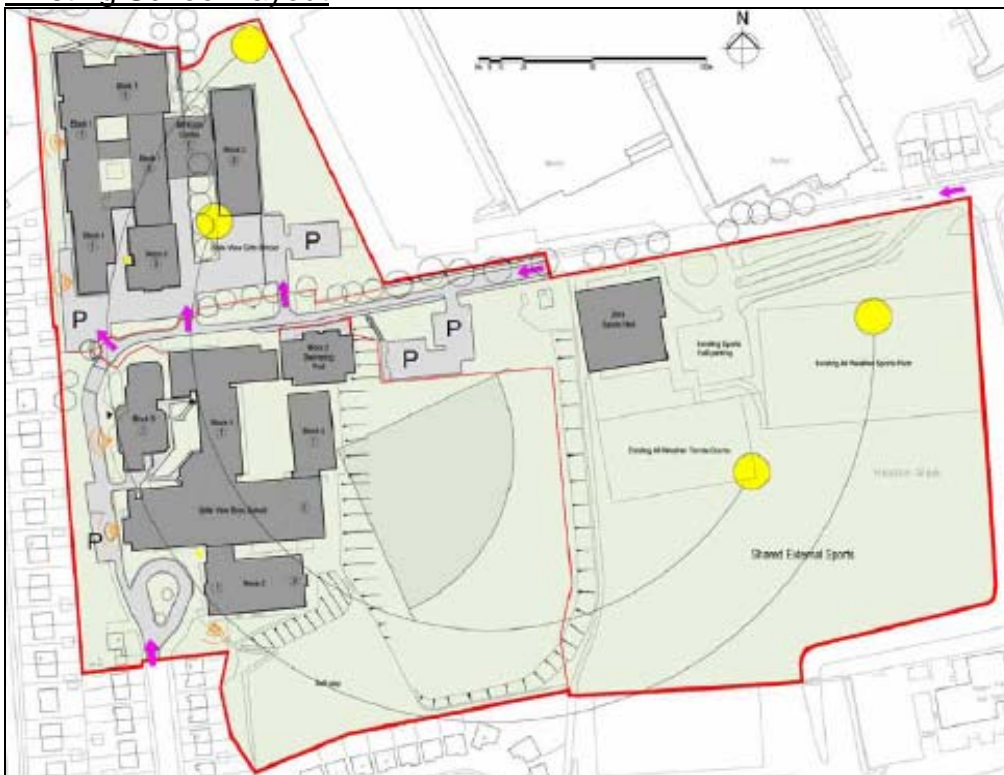

Anticipated School Population at 2018:
930

1570

Priority Admission Area:

Details of the school's admission policy can be downloaded from the Education Bradford website (www.educationbradford.com) : "A guide for parents about admission arrangements to Secondary Schools 2009-2010"

Existing School Layout

OPTION 2

Option 2 proposes to develop a new block between Belle Vue Boys and Belle Vue Girls in replacement of the existing blocks considered to be past their life expectancy (shown in dotted line on the drawing). The new block would host the schools' main entrance, administration and facilities such as drama and library.

Advantages

- No major issues from a planning perspective
- No implications from a Sport England perspective as long as the new build remain away from the playing field
- Careful phasing of the construction phase will minimize any decanting requirements

Disadvantages

- Creates access issues
- Reduces opportunities for shared access post 16
- No discrete play spaces for girls
- Impedes girls' access to outdoor play facilities
- Traffic issues
- Due to the poor quality of the grounds, a thorough grounds survey of the area is required to ensure the viability of this option.

OPTION 3

Option 3 proposes to develop a new block between Belle Vue Boys and Belle Vue Girls in replacement of the existing blocks considered to be past their life expectancy (shown in dotted line on the drawing). The new block would host the schools' main entrance, administration and facilities such as drama and library.

Advantages

- No major issues from a planning perspective
- No implications from a Sport England perspective as long as the new build remain away from the playing field
- Careful phasing of the construction phase will minimize any decanting requirements

Disadvantages

- Creates access issues
- Reduces opportunities for shared access post 16
- No discrete play spaces for girls
- Impedes girls' access to outdoor play facilities
- Traffic issues
- Due to the poor quality of the grounds, a thorough grounds survey of the area is required to ensure the viability of this option.

Building Schools for the Future Consultation Feedback

Bradford Council is keen to hear your opinion with regards to the proposed options put forward for the schools involved in the Building Schools for the Future (BSF) Phase 3 Programme and to seek your support and views on this exciting project.
