

# What is Home Care?

The Bradford Enablement Support Team (BEST) provides a short period of care to people who may struggle to live independently at home.

This could be after a stay in hospital, you are having health issues or as family can no longer provide support.

The aim of the service is to make the most of your independence so you can support yourself in your home.

We will have a person-centred discussion with you. This will help us to create a service that is right for your needs.

The assessment period takes around 4 weeks to complete. Once your ongoing needs are known, you will need to pay for the service.

If your assessment is not completed within 6 weeks our services would then need to be paid for.

The charges will be discussed with you when the services are set up and throughout the assessment period.

Contact Independence Advice Hub

Referral points to consider:

- If referring on behalf of someone, it is imperative that consent is obtained.
- What ways of staying independent have you/they already considered?
- Have you/they tried any equipment/minor works/community services?
- Are there any sensory/communication needs that we need to be aware of?
- What is currently working well?
- How do you believe Adult Social Care can support you/they to remain independent in the community?

Fields marked with an \* must be completed

Are you contacting us for yourself or for someone else?

For myself | On behalf of someone else

As an assessment team we are not able to offer set call times. We do take into account medication, mobility and continence requirements thought.

Council Address : Britannia House, Hall Ings, Bradford BD1 1HX
