Dear Sirs,

**The Local Plan for Bradford District – Bradford City Centre Area Action Plan: Publication Draft – Sustainability Appraisal Report**

Thank you for consulting Historic England about the above document. On the whole, we would broadly concur with the assessment of the likely significant effects which the Policies and proposals of this latest consultation on the AAP might have upon the District's heritage assets and, where an adverse effect has been identified, endorse the mitigation measures which have been put forward.

We should like to stress that this opinion is based on the information provided by you with the link in your e-mail dated 14<sup>th</sup> December, 2015. To avoid any doubt, this does not affect our obligation to provide further advice and, potentially, object to specific proposals which may subsequently arise (either as a result of this consultation or in later versions of the Plan) where we consider that, despite the SA/SEA, these would have an adverse effect upon the historic environment.

If you have any queries about this matter or would like to discuss anything further, please do not hesitate to contact me.

Yours faithfully,

[REDACTED]
