

### **Bradford City Centre Area Action Plan: Schedule of Proposed Additional Modifications**

In addition to the proposed Main Modifications, there are a number of other, minor changes to the Bradford City Centre AAP, which the Council proposes to make. These “Additional Modifications” do not affect the soundness of the plan, but are concerned with ensuring that the text of the plan is as up to date and accurate as possible. It should be noted that the Planning Inspector is not responsible for any Additional Modifications and therefore the Inspector will not be involved in any correspondence regarding the Proposed Additional Modifications.

The following table sets out proposed additional modifications which the Council proposes to be made to the Bradford City Centre AAP.

The table includes a brief explanation of the reason for the modification. In terms of presentation, the deletion of text is denoted with a bold ‘strike through’ (strike through), with inserted new text as bold underlined (new text).

Page and paragraph numbers relate to the Bradford City Centre AAP as submitted on 29<sup>th</sup> April 2016: Submission Document reference BCC-SD-000

## General Proposed Modifications

Modification number	Page no.	Policy/paragraph	Proposed Modification New text: <u>underlined</u> Deleted text <del>strike through</del>	Reasons for Modification
AM001	All	All	Re-number paragraphs to reflect deletions and additional new paragraphs inserted under main modifications.	Consequential amendment
AM002	All	All	All references to Publication Draft deleted where appropriate	The references to Publication Draft refer to the previous formal public consultation stage prior to submission. If adopted these will need to be replaced where appropriate

Modification number	Page no.	Policy/Paragraph of the Submission Draft	Proposed Modification New text: <u>underlined</u> Deleted text <del>strike through</del>	Reasons for Modification
AM003		Contents Page	<del>Proposals</del> <u>Policies</u> Maps and <del>Proposals</del> <u>Allocations</u> Statements	Factual correction
AM004	1	1.4	Two Area Actions Plans <del>are currently being</del> <u>have been</u> prepared by the Council. These are the Bradford City Centre AAP and the Shipley & Canal Road Corridor AAP. The purpose of these documents is to provide a more detailed framework at the local level to show how the Core Strategy will be delivered.	Factual Update.
AM005	2	1.8, 1.9, 1.10	<p><del>1.8 The Publication Draft 1.8 Government requirements on the preparation of Local Plans are set out in the National Planning Policy Framework and the Town and Country Planning (Local Planning) (England) Regulations 2012. These are designed to ensure that by the time the plan is finalised, it has been tested through extensive consultation and involvement of the public and wider stakeholders and all reasonable options have been considered.</del></p> <p><del>1.9 The Publication Draft is the third stage in the process of preparing the AAP and presents the Council's preferred approach for Bradford city centre. The Publication Draft sets out the policies and proposals that the Council consider should be included in the new plan</del></p>	These paragraphs refer to the previous formal public consultation stage prior to submission and should be deleted as they are no longer relevant.

Modification number	Page no.	Policy/Paragraph of the Submission Draft	Proposed Modification New text: <u>underlined</u> Deleted text <del>strike through</del>	Reasons for Modification
			<p>1.10 <del>The Publication Draft takes account of work undertaken on the AAP to date, in particular the consultation on the AAP Issues and Options Report between March and May 2013. The results of this public consultation and further technical work have been used to inform the Publication Draft. The main purpose of this report is to:</del></p> <ul style="list-style-type: none"> <li><del>• Set out the vision, key objectives and strategic approach</del></li> <li><del>• Identify the sites allocations and policies for delivering development</del></li> </ul> <p><del>Prompt interested parties to submit representations for consideration</del></p>	

Modification number	Page no.	Policy/Paragraph of the Submission Draft	Proposed Modification New text: <u>underlined</u> Deleted text <del>strike through</del>	Reasons for Modification
AM006	2	1.12	1.12 Section 1 sets out the background, including the role of the Area Action Plan, an overview of the Bradford City centre, an outline of work already undertaken in the City Centre (City Centre Masterplan, Neighbourhood Development Frameworks, Bradford City Plans), an overview of the other policy influences nationally, city regionally and locally and sets out some of the evidence base upon which the <del>Publication Draft</del> <u>Area Action Plan</u> has been drawn.	Factual update
AM007	2	Paragraph 1.13	This is then supported by a set of detailed <del>proposal</del> <u>Policies Maps</u> and <u>Allocations Statements</u> for potential development sites in each of the six city centre neighbourhoods. This section also includes a plan showing the extent of the boundary for the Area Action Plan.	Factual correction.
AM008	3	1.19	1.19 This City Centre Area Action Plan <del>—Publication Draft Report</del> is accompanied by a Sustainability Appraisal Report. This appraises the policies and proposals of the plan and their likely significant effects on the sustainability objectives. The results of this appraisal have been used to inform the	Factual correction

			content of the Area Action Plan.	
AM009	3	1.19	<p>Paragraph text amended as follows:</p> <p>The Duty to Co-operate is a requirement for Local Planning Authorities set out in the Localism <u>Act</u> 2011 and the National Planning Policy Framework. In developing the AAP the Council must demonstrate that it has co-operated with other councils and public bodies on strategic planning issues which cross administrative boundaries. The AAP is supported by a Duty to Cooperate Statement which outlines how the council has met the requirements of the Localism Act 2011. <del>It will set out the key strategic issues relevant to the document, and how these have been considered as part of the preparation of the AAP and the Council has worked with relevant bodies including adjoining local planning authorities.</del></p>	<p>Correct grammatical error</p> <p>Factual update</p>

Modification number	Page no.	Policy/Paragraph of the Submission Draft	Proposed Modification New text: <u>underlined</u> Deleted text <del>strike through</del>	Reasons for Modification
AM010	3	Paragraph 1.20	An additional Habitats Regulation Screening Assessment has been carried out to examine the potential <u>impact of the City Centre Area Action upon the SPA and SAC. This identified no significant impacts of development proposed in the City Centre AAP.</u>	
AM011	3	1.21	Paragraph text amended as follows:  1.21 Health Impact Assessment, while not a legal requirement, the Council recognises the role the planning and development can have on the health and well being of communities. A Health Impact Assessment (HIA) has been produced in consultation with public health professionals within the Council which sets out the potential impacts of the policies. The preparation of the HIA has informed the <del>Publication Draft report</del> <u>Area Action Plan</u> .	Factual update

Modification number	Page no.	Policy/Paragraph of the Submission Draft	Proposed Modification New text: <u>underlined</u> Deleted text <del>strike through</del>	Reasons for Modification
AM012	4	1.23	<p>Paragraph text amended as follows:</p> <p>1.23 An Initial Equality Impact Assessment (EqIA) <u>scoping exercise</u> of the AAP has been undertaken. This is in order to highlight the potential impact on the identified protected characteristic groups highlighted above. The Initial EqIA <del>scoping exercise</del> is supplementary to this Report.</p>	Factual Update

AM019	16	Objective 7	7. Easy access to and around the centre for all sections of the community, and a reduction in issues caused by through traffic problems by supporting sustainable transport measures and integrated transport - Access to the city centre by private motor vehicles is still considered very important, for providing easy access to shops, offices and leisure facilities. There is a need to balance the need for short term / stay access, and the need to ease congestion and pollution within the centre. <del>The plan will put forward the Council's car parking strategy for the centre.</del> <b><u>The AAP is supported by a Parking Strategy for the City Centre.</u></b> The plan is committed to continued improvement of public transport into and around the city centre, led by major improvements to the railway stations. The expansion of the public realm improvement scheme and improvements to signing, will aid in pedestrian access and way finding around the centre. Improvements will also be made to cycling facilities tied into to the ongoing development of National Cycle Route 66	Factual Update.
AM020	18	3.8	3.8 The strategic approach taken by the Area Action Plan is an amalgamation of the Council's strategies and objectives. The new approach has also been informed by comments during previous public consultation, the National Planning Policy Framework and the <del>Emerging</del> Local Plan: Core Strategy	Factual Update.

		John Street		
AM025	56	Goitside Vision	<p>The Shopping and Markets area now provides a varied and distinctive retail experience that is well connected to public transport and neighbouring communities and pedestrian focused with the newly renovated public realm. The new independent quarter delivers a unique boutique shopping, specialist retail and local market produce with places to eat and drink late into the evening and a community hub for residents. New residential premises above existing retail units now provides continued footfall across day and night. The existing historic streets have been conserved and enhanced enabling legible connections to Goitside with evening uses bringing vibrancy to the area after hours.</p> <p><u>Goitside has once again become the powerhouse of Bradford City Centre through the rebirth city living, small business, academic facilities and student accommodation in innovative new architecture and clever adaptation of the historic properties. The principle streets of Thornton Road Sunbridge Road and Westgate have been reconfigured as City Streets and have given new life through substantial streetscape improvements, improved building frontages and active ground floor uses. By revealing the Bradford Beck, a new linear park has been created which runs through Goitside providing a blue green link and connection between Goitside and the University and College Campus and has presented a focus for new development.</u></p>	Factual Correction
