Subject: Community Infrastructure Levy Draft Charging Schedule

Dear Planning Team

Thank you for the opportunity to comment on the Community Infrastructure Levy Draft Charging Schedule. I write in the capacity of local representative of the National Farmers' Union in the North East with particular interest in planning and economic development in rural areas.

- Further to earlier communication, can you confirm in writing that the CIL rates for agricultural/horticultural activities fall under 'All other uses not cited above - zero rated (£0)'.

In accordance with Article 21 of the Community Infrastructure Levy Regulations 2010, I may wish to be heard by the examiner if an inquiry into the draft charging schedule is held. Please notify me of any such Inquiry.

Could any further consultation documents produced in the future be forward to me with a view to what would hopefully be mutually beneficial input on behalf of the agricultural/land owning sector.

Kind regards
