

## South West 5 Primary School Planning Area

There are seven primary schools in South West 5, all of which have nursery provision. The area is urban covering parts of the city centre, Bankfoot, East and West Bowling, Odsal and part of Little Horton.

School name	School Type	Multi Academy Trust (MAT)	Published Admission Number (PAN) 2023	Nursery provision
Bankfoot Primary School	Community		30	Yes
Bowling Park Primary School (two sites)	Academy	Exceed Academies Trust	90	Yes
Bradford Academy	Academy	Bradford Academy Trust (single-academy trust)	60	Yes
Marshfield Primary	Academy	Carlton Academy Trust	60	Yes
Newby Primary School	Community		60	Yes
St Matthew's C of E Primary School and Nursery	Voluntary Controlled		60	Yes
St Stephen's C of E Primary School	Voluntary Aided		60	Yes

## Historic numbers of pupils in South West 5

The table below provides historical information on the total number of reception places available (PAN) and number of reception pupils on roll. The total number of school places available is shown against the total number on roll (NOR) to give an overall number and percentage of surplus places (shown as a minus where there is a shortfall).

Year	PAN	Pupils in reception	Spare reception places	Total Places	Total NOR	Surplus places	% Surplus places
2017	420	407	13	2970	2952	18	0.61%
2018	420	403	17	2970	2940	30	1.01%
2019	420	405	15	2970	2950	20	0.67%
2020	420	404	16	2940	2900	40	1.36%
2021	420	384	36	2940	2872	68	2.31%
2022	420	358	62	2940	2841	99	3.37%
2023	420	372*	48	2940	2814	126	4.29%

\*Based on Primary school forecast, July 2023

### Historic actions and academy conversions

- Marshfield Primary School converted to academy status in December 2020 under Carlton Academy Trust.
- Bowling Park Primary School converted to academy status in September 2022 under Exceed Academies Trust.

## Health Authority Data for South West 5

The number of children recorded in the January 2023 data received from the Health Authority is shown below:

Age at 31 August 2022	0	1	2	3	4	5	6	7	8	9	10
<b>South West 5 Total</b>	<b>433</b>	<b>424</b>	<b>496</b>	<b>520</b>	<b>485</b>	<b>520</b>	<b>614</b>	<b>544</b>	<b>596</b>	<b>578</b>	<b>584</b>
Reception Intake Year	2026	2025	2024	2023	-	-	-	-	-	-	-
Year 7 Intake Year	2033	2032	2031	2030	2029	2028	2027	2026	2025	2024	2023

## Forecasts for South West 5

The need for primary school places depends on the local child population. Key factors in the forecast are the number of births and children registered with the Health Authority in an area, migration in and around the District and movement of families into new housing developments.

The take up rate of 91% is applied to the health data and the table below shows the calculated number of Reception places required for South West 5 residents in the coming years.

Year of reception intake	2023	2024	2025	2026	2027
Calculated places required	473	455	381	400	381

In addition to these figures, forecasts incorporate trends for children attending schools outside of their local planning area. For South West 5, the highest number of children coming in have been from South East 1; the highest number attending elsewhere have gone to schools in South West 4. Historically, very few children have attended schools here from outside of the District.

### Accuracy of forecasts

The tables below contain forecast data submitted to the DfE as part of the annual School Capacity (SCAP) return. The grey column shows the difference between last year's forecast and the actual number of pupils on roll at the schools at the January school census.

#### Reception:

Year	2022	2023	2024	2025	2026	2027
PAN	420	420	420	420	420	420
<b>Forecast</b>	<b>352</b>	<b>372</b>	<b>363</b>	<b>300</b>	<b>325</b>	<b>310</b>
Surplus	68	48	57	120	95	110
% Surplus	19.3%	11.43%	13.57%	28.57%	22.62%	26.19%
<b>Actual</b>	<b>358</b>	-	-	-	-	-
Difference	6	-	-	-	-	-
% Difference	1.7%	-	-	-	-	-

#### Reception to Year 6:

Year	2022	2023	2024	2025	2026	2027
Total Capacity	2940	2940	2940	2940	2940	2940
<b>Forecast</b>	<b>2798</b>	<b>2814</b>	<b>2772</b>	<b>2675</b>	<b>2604</b>	<b>2515</b>
Surplus	142	126	168	265	336	425
% Surplus	5.1%	4.29%	5.71%	9.01%	11.43%	14.46%
<b>Actual</b>	<b>2841</b>	-	-	-	-	-
Difference	43	-	-	-	-	-
% Difference	1.5%	-	-	-	-	-

Note that a PAN reduction alone does not change the net capacity of the school. Total Capacity, as calculated above, factors in PAN but is predominantly concerned with the capacity of the buildings; net capacity can therefore only be adjusted as a result of significant changes to the building and / or use of space. The total capacity here is therefore the maximum number of potential school places that can be physically accommodated; however, the maximum number of pupils that can be accommodated in any year will be dependent on factors such as the PAN, the class organisation and the number of teaching staff at the school.

### Planned/possible actions

The Local Authority will continue to monitor the number of children and parental preference in this planning area whilst working collaboratively with schools and trusts and providing the required information to assist the decision-making process.

Whilst surplus places are forecast for this planning area, this is largely due to the area being a net exporter of children to other planning areas. The Health data for this area is much more closely aligned with the combined PAN of the schools here. To protect against an increase in local children requesting places in their 'home' planning area, there are currently no plans to address the surplus here.
