## **Please set out why you think the plan is sound ?**

Support given to the policy allocation particularly in relation to the provision of additional car parking for the railway station (as was originally the case in the recent planning application). The opportunity to re-open the subway links through the station is noted but careful consideration will need to be given to the requirements of the operational railway in terms of security and maintenance if this is to be delivered.

**Please set out what change(s) you would consider necessary to make the Plan sound?**
