PART B - YOUR REPRESENTATION - Please use a separate sheet for each representation.

3. To which part	of the Plan does	this representation relate?			
Section	4	Paragraph	Policy		
4. Do you consid	ler the Plan is:				
4 (1). Legally com	pliant	Yes	No		
4 (2). Sound		Yes	No	x	
4 (3). Complies w	ith the Duty to co-	operate Yes	No		

Please give details of why you consider the Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please refer to the guidance note and be as precise as possible.

If you wish to support the legal compliance, soundness of the Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Section 4 Sub-Area Policies

This response has been produced by CPRE West Yorkshire on behalf of the Yorkshire Greenspace Alliance (YGA). Owing to the short timetable for the consultation and the level of detail required to comment meaningfully on the sub-area policies, it has not been possible for us to incorporate sub-area responses into our core response, although we anticipate that a number of the local groups who are members of YGA will be making sub-area responses.

We do hope to be considered for participation in sub-area sessions at the Public Examination, in collaboration with local YGA members, and so at this stage we wish to raise a broad concern about the sub-area policies.

It is impossible to assess from the policies exactly which areas of greenfield and Green Belt land in each sub-area would be likely to be affected by the policies. Clearly we may refer to the SHLAA as evidence of sites that *might* be developed, but since we are informed by the Council that the sites for the Holme Wood urban extension have not yet been identified, there appears to be no direct relationship between site availability through the SHLAA and strategic intention as expressed in policy. Without being able to make this connection it is not realistic to assess the degree to which the sub-area policies are positively prepared in pursuit of sustainable development, or effective in having suitable sites with which to implement spatial objectives.
