My Comments on
The Bradford Local Plan
Subject: objection to proposed new building on green belt land in Ilkley and Ben
Rhydding
Comment:

- I am concerned that the Ilkley schools are already over-subscribed with no provision in the plan to address this point.
- 2. Transport facilities are already causing problems at peak times both within the town and connections into and out of it, and again there appears to be no provision in the plans to address this.

3	
Parking is already a problem in the town and new houses will only brin further pressure on the existing situation.	
4. Ilkley has always attracted visito because of its open countryside, wildlife and general attractiveness, and I consider the addition of 800 homes built on green belt land will significantly impact on this.	rs
