

Email per N Varley 160315

Hi Tony - you have received a letter from Andrew Wood, supported by a number of community representatives, on the Council's proposed amended housing distribution. On a separate, but parallel, track I have been looking at some of the detail behind the figures as presented at the hearing last week. My observations are attached. As the Inspector has indicated he is open to receiving comments on any items posted on the website by the Council while the Examination is live, I am hoping you can readily place the attached in the mix and draw to the Inspector's attention.

Many thanks, see you tomorrow

Neil
