**To:** Tony Blackburn  
**Subject:** Am mended HRA

Dear Mr Blackburn.

I have just left a meeting of concerned contributors to the current core strategy process

The concerns are two fold

1. What is the status of the document showing changes and amended figures for the valley ---

I request the inspector gives some clarification to those attending tomorrow.

2 they are also concerned about under what authority a council officer can put forward such major ammendments and to whom they have been submitted

Regards ..anne
