Subject: CEG suggested amendments to Policy EN2

Dear Tony

I wanted to ensure that you have, in advance of Session 7D tomorrow, CEG's suggested changes to Policy EN2 (see attached) which we circulated to Natural England and the Council on Monday this week (16 March).

Since CEG was able to reach agreement last week with NE and the Council in relation to the wording of Policy SC8, we thought it would further aid the smooth running of Session 7D tomorrow afternoon if we could obtain feedback from the Council and NE on our Policy EN2 suggestions in advance.

We are disappointed to report that both NE and the Council have declined to comment, stating that they would rather leave matters to the Session itself. Furthermore we understand that NE will not be in attendance at the Session tomorrow.

Regards

Penny Simpson
