Further Statement Relating to Homework Item 5:

Clarification Regarding Typographical Error Within Main Modification MM38

May 2016

1. Introduction

- 1.1. As part of the main modifications the Council put forward changes to the proposed housing apportionments for a number of settlements. This resulted in the need to make amendments to parent policy HO3 and consequential changes to the sub area policies (as these policies also make reference to the scale of housing development proposed).
- 1.2. Main modification MM38 deals with proposed changes to part A of Policy BD1. It should reflect and be consistent with MM87 which amends Policy HO3. Within the main modifications the Council have proposed to amend the housing apportionments for Shipley & Canal Road Corridor, Shipley and Bradford NE. All other areas within the Regional City (i.e. Bradford City Centre, Bradford SE, Bradford SW and Bradford NW) were left unchanged.

2. Clarification

- 2.1. The Council can confirm that there was a typographical error within MM38 and that the figure for Bradford South West should have read 5,500 and not 5,000 as published. In other words there was no intention to propose a 500 reduction for Bradford SW.
