MM19 There is a duty to cooperate with North Yorkshire County Council over the North Pennines HRA zones B and C which has not been demonstrated. The North Pennines HRA 2.5km zone impacts built up areas of Ilkley but there has been no compensatory reduction of housing numbers - in fact there has been a 25% increase.

The cumulative effect of development sites in HRA Zones A, B and C needs to be considered because of the potential for effects on the Rivers Wharfe and Aire which flow into the Humber Estuary which has various conservation designations for migrating and breeding birds.

10. Please set out what changes you consider necessary to make the proposed main modification legally compliant or sound, having regard to the test you have identified at Q7 above.

You need to say why this change will make the proposed main modification legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The application of the HRA needs a complete review to constrain development in Wharfedale
