(Please note: Your representation should cover succinctly all the information, evidence and supporting information necessary to support / justify the representation and the suggested change. It is important that your representation relates to the proposed main modifications).

Following the Habitat Regulations Assessment (HRA) it was established that an additional 200 houses in Burley is compatible with the designation as a Local Service Centre and Rural Area. The re-designation as a Local Growth Centre is unsound because it is based on revisions to the HRA and pays no attention to the nature of the settlements or the principles of the Settlement Hierarchy.

10. Please set out what changes you consider necessary to make the proposed main modification legally compliant or sound, having regard to the test you have identified at Q7 above.

You need to say why this change will make the proposed main modification legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Burley's classification as a Local Growth Centre should be removed and the designation as a Local Service Centre and Rural Area re-instated.
