

How do I search for an application?

The quickest way to find an application is to use the 'Simple Search'.

Below is a screenshot of the first screen you see on Public Access, but you can also get to it by clicking on 'Search' and selecting 'Simple Search'.

In this example, we are using the planning tab as an illustration.

Planning – Simple Search

Search for Planning Applications, Appeals and Enforcements by keyword, application reference, postcode or by a single line of an address.

A screenshot of the 'Simple Search' form for Planning Applications. The form has tabs for 'Simple', 'Advanced', 'Weekly / Monthly Lists', 'Property', and 'Map'. The 'Simple' tab is selected. Below the tabs, there are radio buttons for 'Applications', 'Appeals', and 'Enforcements', with 'Applications' selected. A 'Status' dropdown menu is set to 'All'. Below that, there is a text input field containing 'Great Horton Road' and a blue 'Search' button. A blue arrow points to the 'Search' button.

If you know the exact number, type it in the box & click 'Search'.

If you don't know the number, you could try a post code or a street name, or even part of the application proposal.

If there is only one result to your search, you will be taken straight to the application's web page.

If there are many results, you will be given a list. Click on the blue text to go to the application in which you are interested.

Planning – Results for Application Search
