

Where can I see an application's plans & documents?

Once you have found an application on Public Access, you will see a page like this, with each section laid out in 'tabs' across the top:

The screenshot shows a web interface with several tabs at the top: 'Details', 'Make a Comment', 'Documents', 'Related Cases (3)', and 'Map'. Below these are sub-tabs: 'Summary', 'Further Information', 'Contacts', and 'Important Dates'. The main content area is a table with the following data:

Below the filters, a message states: 'You can select up to 25 documents to download in one archive file at a time.' The main content is a table of documents:

You can change the order of documents by clicking on the headings at the top of the documents list

Clicking 'Date Published' will place the documents in date order, rather than alphabetical order.
