

Countryside Guided Walks

Guided and self-guided walks that explore the Bradford District

April - September 2017

General Guidance

The purpose of this Guided Walks programme is primarily to introduce people to walking in the Bradford District. You may be surprised at the variety of landscape and wildlife to be experienced both in the countryside that we have, and in the urban areas.

The aims of the walks are to provide a safe, friendly atmosphere in which you can become familiar with the local routes, landscapes and rights of way - the first step in devising your own routes so you can explore further, or join up with one of the local walking groups.

Unless otherwise stated in the walk information, walks are FREE. You will however be expected to pay your own fare if your walk involves the use of public transport.

Public transport

Due to the remoteness of some of the walk starting points, not all walks are convenient for public transport users. However, where time and location allow, our aim is to make as many walks as possible accessible by public transport. Contact MetroLine on 0113 245 7676 or visit www.wymetro.com for full and up to date travel information.

Be prepared for the weather

Walking boots or stout shoes are recommended on all walks, wellington boots are suitable for shorter walks. Waterproofs, extra sweater, hat and gloves are best carried in a small back-pack in preference to a hand held bag.

Walkers ability

Due to the very nature of the countryside walkers may from time to time experience difficulties, whether it be a difficult stile, slippery steps, mud etc.

Food and drink

It is advisable to bring food and drinks on all our walks and activities. The amount of food you bring is of course up to the individual. However, we do recommend that for walks starting before lunch time you bring a packed lunch.

First Aid

Please note that our walk leaders are unable to provide first aid assistance or equipment on our walks.

Boot symbols

These are shown against each walk to help you judge its suitability in addition to the distance.

- Little or no difficulty
- Some difficulty
- A difficult walk

The walks will normally be paced at 2 miles per hour but will take longer on themed walks and also where there is some difficulty or where there are large numbers of walkers. All mileage is approximate. The walk guide/activity leader reserves the right to cancel or amend the walk/activity in the light of problems which may effect the safety of the walk party. Please note: the leader reserves the right to refuse to allow any walker to join in if inadequately dressed or would clearly struggle to complete the walk.

Walkers are requested to keep behind the leader in order that a pace can be maintained for the benefit of all the party.

The following table gives an approximate guide to the length in time that guided walks should take. Time does not apply to theme walks, these take longer than normal walks. Hilly terrain and poor weather also adds time.

Mileage	Approx. time
1 mile (1.6km)	30 mins
2 miles (3.2km)	1 hour
3 miles (4.8km)	1:30 hours
4 miles (6.4km)	2 hours
5 miles (8km)	2:30 hours
6 miles (9.7km)	3 hours
7 miles (11.2km)	3:30 hours
8 miles (12.8km)	4 hours
9 miles (14.5km)	4:30 hours
10 miles (16km)	5 hours
11 miles (17.6km)	5:30 hours
12 miles (19.3km)	6 hours
13 miles (21km)	6:5 hours

Dogs

Dogs are **not** allowed on any of our walks with the exception of guide dogs.

Customer care

On all Bradford's Countryside and Rights of Way Service Walks the leader will be assisted by a second volunteer who's job it is to look after the tail end of the party. If you are experiencing any difficulties during the walk please let the back-up volunteer know so that any necessary action can be taken. It is also important to let the back-up know if you are leaving the walk.
