In April 2023, Bradford will be hosting the National Monument Against Violence and Aggression (also known as the Knife Angel). The sculpture will be placed in City Park and would make a fantastic opportunity for a visit.

[The Knife Angel](#) is a huge sculpture created by British Ironwork Centre & Sculpture Park, made from over 100,000 seized blades, was specifically created to highlight the negative effects of violent behaviour whilst solidifying our critical need for social change. Not only does the Angel act as a catalyst for turning the tide on violent and aggressive behaviour, but it is also acts as a beautiful memorial designed to celebrate those lives who have been lost through these violent and thoughtless actions.

The giant angel shaped sculpture is also designed to help us think about peace, friendships, kindness and forgiveness as ways to work against people being unkind to each other.

As part of the month long visit to Bradford, the Youth Justice Service would like to display artwork created by people across the district in the City Library and so we would like to invite the public to take part in a competition to make a piece of art with the title of 'My Peace'.

The artwork can take any form; written piece, a drawing or painting or even a sculpture.

Your 'My Peace' artwork can be a place, object, activity that gives you peace already, or you could design something new that would be your ideal destination, item or thing to do that would bring you 'your' peace.

Please feel free to use words to describe the art if you'd like to. Good Luck!
