Aims

- To provide an outline of the changing context and requirements around advocacy and strategic priorities
- To share intelligence and generate insights on advocacy supply and demand in Bradford
- To provide an opportunity for the market to help us shape how Advocacy services should be delivered and what the key priorities are

Strategic Thinking

- Enhance and uphold peoples' rights and choices
- Taking a coproduced approach and working collaboratively
- Take a strength based and positive risk-based approach
- Offer personalised & culturally appropriate services with a focus on the inequalities gap
- Promote shared values of Respect, Share, Care & Protect
- Working with Health to Act as One

Current Contracts

- Statutory Advocacy
- Self and Group Advocacy
