### Introduction

Worth Valley ward is one of six wards in the Keighley area. It is located on the western extremity of the District. In the north it is bounded by North Yorkshire, in the east by Lancashire and in the south by Calderdale. It contains the villages of Oakworth, Haworth, Cross Roads, Oxenhope and Stanbury. The ward also contains areas of farmland and large expanses of moorland.

Life expectancy - males

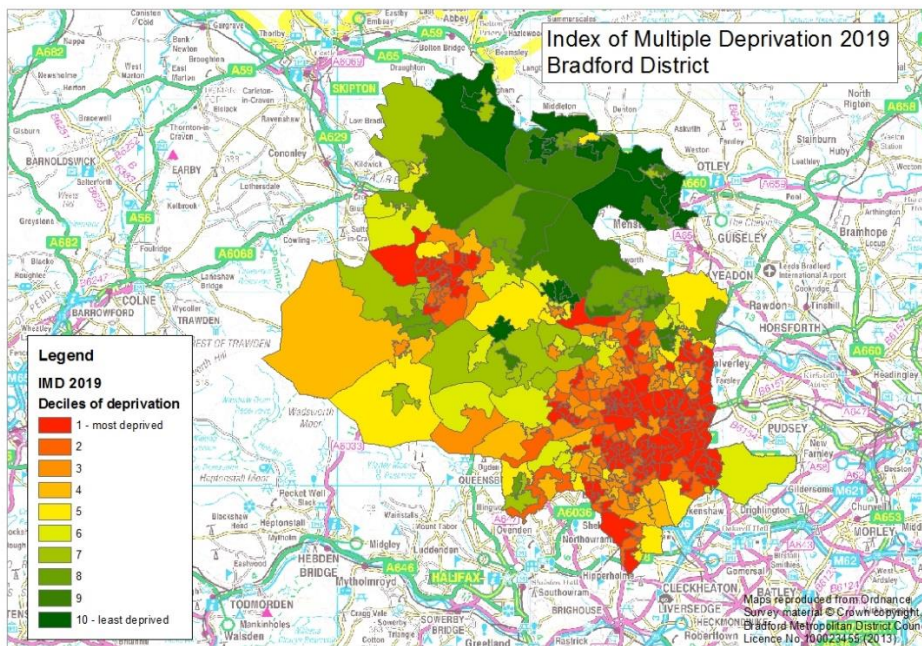

Life expectancy - females

## Deprivation

The following map shows Lower Super Output Areas (LSOAs) ranked by deciles of deprivation. More deprived neighbourhoods are shown in red and less deprived neighbourhoods are shown in green.

The Indices of Deprivation 2019 were published in September 2019 at district and lower layer super output area. The indices are calculated using 39 separate indicators, organised across seven distinct domains of deprivation (income, employment, education skills and training, health deprivation and disability, crime, barriers to housing and services and living environment) which are weighted and combined to calculate the Index of Multiple Deprivation 2019.

The results have now been aggregated to ward level and this shows that 14 of the District's wards are amongst the 10% most deprived wards in England and one ward is amongst the 10% least deprived wards in England. Manningham is consistently the most deprived ward for most of the indices and Wharfedale is consistently the least deprived ward for most of the indices.

Worth Valley is ranked 24<sup>th</sup> out of 30 wards where 1 is the most deprived and 30 is the least deprived. Worth Valley is in 27<sup>th</sup> place for income deprivation, 25<sup>th</sup> place for employment deprivation and education, training and skills deprivation.

## More about deprivation

The data about deprivation has been aggregated to ward level. Although this data provides a description of the District's wards, this description does not apply to every person who lives there. Many non-deprived people live in deprived areas, and many deprived people live in non-deprived areas.
