- Purpose of today's event

Strategic Thinking

- Enhance and uphold peoples' rights and choices
- Take a strength based and positive risk based approach
- Make community connections
- Work with Health to develop a whole system approach
- Focus on the inequalities gap
- Providing trauma informed interventions

What the data tells us

- Nationally an increase of 26% people in contact with mental health services at the end of March 2023, compared to March 2021 ^{*1}
- Nationally one in six children and young people now have a probable mental disorder, up from 1 in 9 in 2017 ^{*2}
- Homeless demand: most common needs are due to offending behaviour and mental health
- Projected shortfall of 120 supported accommodation units over next 10 years
- Issue of unmet need

Current and Future Commissioning

We want to seek your views about:

- What works well
- What we could do better
- What needs to change
- How technology can enhance care
- What needs to happen to shape services to meet current and future needs.

Thank you for attending
